To provide integrated industrial services that meet our customer's expectations. To achieve operational excellence by delivering quality services in a safe, timely and cost effective manner. To foster a culture of trust, fairness and transparency

To be the leading the leading integrated industrial services provider in Saudi Arabia. To be the most reliable and efficient service provider offering a broad spectrum of related services. To care for our employees and become the employer of choice for Saudi talent.

Quality Policy

The quality policy is defined with the objective to achieve customer satisfaction. The policy is communicated to all levels of employees in the organization to ensure their commitment to quality. It is our quality policy to develop and implement quality system standards to improve product quality performance and over all effectiveness of the system.

The focus of Al-Dayil is to understand every individual customer's requirement and provide tailor-made solutions. It is built around skilled and highly trained professionals sharing a common vision and cherished values. With its commitment towards delivering customer satisfaction every time. Al-Dayil today, has created a niche for itself in the realm of industrial equipment services.

SAFETY POLICY

The management of Al-Dayil recognises the importance of health and safety for all its employees and is committed to provide all necessary resources for a safe and accident free operation on construction sites. Managers and supervisors are primarily responsible for ensuring safe and healthy working conditions. Suitable & safe working systems and practices will be developed and implemented. Work activities will be carried out meeting the statutory safety requirement.

The company provides technical advice on safety and health matters, as needed to assist the managers and supervisors to discharge their duties in this regard. All the employees are required to work safely and follow the safety procedures and inform the management of safety improvement suggestions for consideration. The management considers it's workforce as its partner in implementing this safety policy. To achieve the desired goals, sufficient information and training for all its work force is provided to enable them in fulfilling their responsibilities with regard to safety and health.

OUR EVOLUTION

Al-Dayil was established in the early 2000 as a trading firm, with headquarters in Al Khobar and Dammam and branch office located in Jubail. Initially specializing in the provision of industrial equipment, materials and services in the field of Civil, Mechanical, Rigging and Heavy Equipment, Al-Dayil has grown to represent some of the locals most renowned companies in Saudi Arabia, with the expertise and products to service most industries, including oil & gas, petrochemicals, transport, and infrastructure.
